

Sizewell C Notice to Mariners No 10.1 of 2024

Waverider Replacement Update

NOTICE IS HEREBY GIVEN: That a one-day operation to replace the Sizewell C Waverider buoy will take place on 1st November 2024, subject to weather.

Waverider Replacement

The work will be carried out in position 52°12.45'N 001°41.06'E by a 12m, blue/black hulled survey vessel *Lowestoft Provider*.

This will include recovery of a Datawell Directional Waverider buoy and the deployment of a new serviced Datawell Directional Waverider buoy.

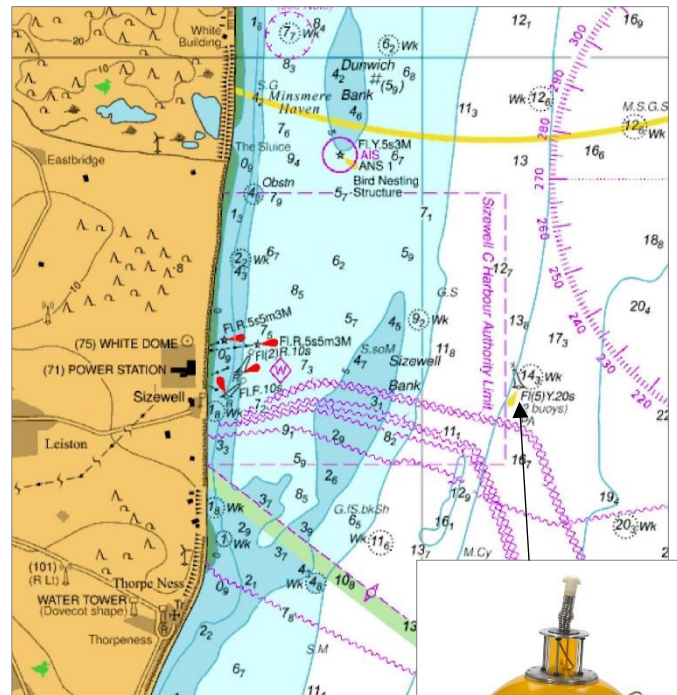

The works are expected to take place during daylight hours on 1st November for a period of up to 12 hours. Other vessels should maintain minimum safe distance of 500m when passing *Lowestoft Provider* whilst it is undertaking operations and should pass at the lowest speed to avoid-effects of wash.

The survey vessel will maintain a continuous listening watch on VHF Channel 16.

This chart shows the planned survey area where operations will be undertaken.
